PERSONAL DETAILS

Date of Birth : 06/02/2006

SKILLS

Python

HTML

CSS

JS

INTERESTS

Exploring Data Science methodologies, Machine Learning algorithms, Data Visualization techniques, Predictive Modeling, and solving real-world problems using data-driven approaches.

LANGUAGES

Tamil – Native Proficiency

English – Professional Working Proficiency

Dutch – Conversational

OBJECTIVE

Aspiring Data Scientist with a strong background in Python and problem-solving, passionate about transforming raw data into meaningful insights. Seeking an opportunity to leverage analytical and technical skills to deliver innovative and data-driven solutions.

EDUCATION

3rd	**Btech / IT (UG)** Anna University

ACTIVITIES

• Participated in technical workshops and seminars related to Data Science and AI • Worked on academic and personal projects involving Python and data analysis • Actively engaged in learning new technologies through online platforms • Collaborated in team-based academic projects

ADDITIONAL INFORMATION

• Strong problem-solving and analytical thinking ability
• Quick learner with adaptability to new technologies
• Good understanding of data structures and algorithms fundamentals
• Effective team collaborator with leadership qualities
• Passionate about continuous learning and emerging technologies
